3rd November 2009

Dear Parents,

As you know your child has the opportunity in school to take part in a range of activities, which take place before school, during the lunch hour or at the end of the school day. The school currently offers activities such as football, rugby, netball, sewing, knitting, choir, eco council, school council etc.... Your child chooses freely which activities to attend.

These activities give your child the chance to:

- Succeed in new and enjoyable activities beyond the classroom
- Build confidence and self-esteem
- Develop new relationships with other pupils, teachers and other adults
- Experience new learning techniques and acquire good lifelong learning skills.

We now intend to recognise and celebrate further your child's participation in these activities by linking them to the Children and Young People's University Cymru. Each activity will have a credit value – your child will be awarded credits based on attendance and achievement of identified learning outcomes. In other words your child is being rewarded for his effort, time and contribution to the school and community.

Your child's credits are logged and will eventually lead to a Bronze, Silver or Gold Award from the Children and Young People's University Cymru.

We hope that you will agree that this is an exciting and valuable development for the school and for your child. At a later stage we also intend to link with activities that your child attends outside school and hope that these organisations will agree to recognise your child's participation.

More information on the Children and Young People's University can be found on our website or by going to:- www.glyndwr.ac.uk/en/Academicschools/EducationandCommunity/ChildrensUniversity/.

We will keep you informed of progress.

Yours Sincerely,

Mrs. R. Dyas (Headteacher)
